#### FISHING ALWAYS BIG AT BOAT SHOW

Whether you interested in catching more Walleye, Steelhead, Perch or Bass, there's a seminar to help you get there when fishing takes center stage in Anglers Alley at the Progressive Mid-America Boat Show.

Every year the all-star line-up of speakers teach anglers the latest techniques. "Fish don't always respond to the same patterns," says tournament champion and speaker **JIM STEDKE**, "so all the pros try to bring the audience up-to-date on the latest methods that put the most fish in the box this year."

In addition to Stedke, this year's speakers will include: All-pro Champion MARK BRUMBAUGH, whose seminars cover trolling with crankbaits; RYAN BUDDIE, 5-time qualifier for the National Team Championships, sharing methods for night Walleye fishing and effective use of electronics; and CAPT. RANDY EYRE, qualifier for the 2015 MWC World Walleye Championship, who will teach inline planer boards tips & tricks.

If perch fishing's your game, you want to attend **JOHN HAGEMAN's** in-depth look at all aspects of perching. Bass fishing will be covered by multi-tournament winners **JARED RHODE** and **MATT ELKINS** in a special "Bass College" session; and marine biologist Michael Durkalec, will acquaint visitors with opportunities in his special presentation, "Steelhead Fishing Opportunities in Cleveland Metroparks."

For those who want intense training, two special programs are set for this year. First, on Saturday only, the "Walleye College" is a 3-hour in-depth study of Walleye angling conducted by the pro team of Mark Brumbaugh, Randy Ayre, Ryan Buddie and Jim Stedke.

On Sunday only, the all-new "Bass College" will bring together Jared Rhode and Matt Elkins for a 3-hour in-depth look at all the successful techniques for success on Lake Erie's great smallmouth fishery.
